Java Software Developer | Backend (f/m/x) - Full-time, Berlin

Our mission at HeavenHR is to provide the only software businesses need to manage their human resources. Our goal is to help companies save time and focus on what they are really good at. From onboarding to payroll, we connect all separate HR processes into a single and easy-to-use platform. HeavenHR is a fast-growing SaaS start-up, founded in 2015, that is backed and supported by well-known VC funds and experienced business angels.

Recently we have secured our Series B investment.To continue our rapid growth, we are looking for highly qualified **Java Software Developers** (f/m/x), who enjoy working in a dynamic environment and want to join us in a building a great HR software.

What we offer:
- Opportunity to work in an agile environment with lean processes (fast and small iterations)
- Initiate the development of new processes and solutions. We will give you the opportunity to realize your ideas and shape your own way of working
- Focus on quality through clean coding and test automation (unit tests, integration tests, security tests, performance tests)
- Short build cycles using continuous integration and continuous delivery
- Cutting-edge tech stack: microservice architecture, spring cloud, Java 8, Postgres, Redshift, Elastic Search, ActiveMQ, ReactJS, React-Native and a bunch of AWS technologies

   Your background:
- **4+ years** of experience as a Java Developer
- Proficient knowledge of Java 8 or higher versions of Java
- Experience using Spring, Spring Boot, Hibernate and Postgres
- Experience in designing, building and monitoring RESTful APIs and Microservices
- Familiarity with cloud and application platforms (e.g. AWS)
- Familiarity with tools like Docker and/or Kubernetes
- You have strong analytical and problem solving skills
- You are a strong team player
- Fluent in English; other languages are a plus

   Why you should join the team:
- Be part of a consistently growing tech team with everyday opportunity to learn, grow and develop
- A choice to work from Mac, Windows or Linux
- An international (14+ nations) team of smart and enthusiastic people
- We got you covered for retirement and offer a company pension scheme
- Discounted public transportation ticket for the Berlin area
- 24 day vacation budget to start with, adding 2 per year, capped at 30 days
- We offer a constant supply of coffee, mate, water, beer, fruit baskets, veggies and a variety of snacks to keep you healthy. Once a month, we have an office party with yummy food!
- Moving from a different country? We can assist with the visa paperwork
- Oh, not to forget: our dog-friendly office is based in Berlin's Bergmannkiez, the heart of Kreuzberg!

   Did we get your attention?

We are looking forward to receiving your application! Please include
